## Local Access Control (LAC) database - We need your help please.

*This message pertains only to chapter members that are sponsoring international military students and have (or plan to obtain) Local Access Control ID cards. Those not in this situation can ignore this email message. Thank you.*

Attention GKCPTP Sponsors,

The International Military Student Division (IMSD) informed us they are establishing a **Local Access Control (LAC) ID card database**. The database will be used to help the Fort manage the LAC application process more effectively and efficiently next year (around the time the majority of sponsors who've received LAC access ID cards this year will need to have them reissued). Pat Burnett will be reaching out to GKCPTP sponsors to

gather the following information:

- **Name (of each ID card holder)**
- **LAC ID card issue date**
- **LAC ID card expiration date**

Both the issue date and expiration date can be found on the ID card. The activity to gather the information will take place over the next 2 weeks.

Please send this information by email to [Pat Burnett](#). Your prompt response will be greatly appreciated.
